

APPLICATION FORM – PASTORAL LEASE STOCKING MAXIMUM INCREASE – SEASONAL TEMPORARY INCREASE

Approved: 2025

Document Reference: A6415203

Contact: DEW.Pastoral@sa.gov.au

This application form is to be completed by lessees requesting a **SEASONAL TEMPORARY INCREASE** in pastoral lease stocking levels above the current pastoral lease's stocking maximum. **If you have more than one lease, a form must be completed for each lease.**

A seasonal temporary increase in stocking maximum is intended to apply when exceptional seasonal conditions allow for increased numbers of stock to be sustained on a pastoral lease for relatively short periods (less than 12 months). It is important to note that each lease's approved stocking maximum was originally set at a rate that includes an extra 20% to allow for good seasonal conditions. The application for seasonal temporary increases is intended to apply where exceptional conditions warrant an increase beyond the normal cycle.

The *Landscape South Australia Act 2019* regulates the take of water within the Far North Prescribed Wells Area (FNPWA) through the corresponding Water Allocation Plan. If the pastoral lease lies within the Far North Prescribed Wells Area (FNPWA) (please refer to the map on page 11), assessment of the additional stock water requirements will be required by the South Australian Arid Lands (SAAL) Landscape Board and/or the Department for Environment and Water's (DEW) Water Licensing team for the Pastoral Unit to consider the application. Depending on the circumstances, the applicant may be responsible for seeking and obtaining additional approvals, authorities or permits.

Assessment of applications for seasonal temporary increases, and notification of the result to lessees, will be undertaken as quickly as possible, recognising that lessees often need to act quickly to utilise exceptional feed conditions.

This form must be signed personally by the applicant(s) or if a company, in accordance with the provisions of section 127 of the *Corporations Act 2001* regarding authorised signatories.

Submit this form and any accompanying information to the Pastoral Unit on DEW.Pastoral@sa.gov.au or via mail to:

Pastoral Unit
Department for Environment and Water
GPO Box 1047
ADELAIDE SA 5001

For enquiries, please email or telephone: (08) 8429 0333

A fee of \$527 will be payable **per pastoral lease** for an application for a temporary increase in the stocking maximum. An invoice for the application will be issued on receipt of the application.

**Prior to submitting an application**

Read the Pastoral Board Guideline – *Seasonal Temporary Increase to Pastoral Lease Stocking Maximum*.

Application Details – Seasonal Condition Temporary Increase

Please note: by submitting this application you are requesting a seasonal condition temporary change to your stock maximum as provided for by section 22(6)(b) of the *Pastoral Land Management and Conservation Act 1989*, and will be subject to any conditions applied to the approval by the Pastoral Board. If you are running multiple leases as one station, you must ensure the required details are provided for each individual lease.

	<i>Pastoral lease #1</i>	<i>Pastoral lease #2</i>	<i>Pastoral lease #3</i>
Lease Name(s)			
Production type: Cattle or Sheep			
Current stock maximum: (include sheep or cattle equivalents)			
Requested temporary maximum (include sheep/ cattle equivalents)			
Term for temporary increase (maximum of 12 months)			
Comments:			

1- Reason for seeking an increase	<input type="checkbox"/> Exceptional seasonal feed availability <input type="checkbox"/> Above average rainfall <input type="checkbox"/> Other (please specify):i
2- Contact my applicable Landscape Board Are any works proposed to support the application? <i>(Note - works could include but are not limited to the construction of dams and/or wingbanks, installation of a bore or well, or the diversion or pumping of water from existing catchments to a new location and applies to pastoral leases inside and outside the FNPWA)</i> #WEBSITE & CONTACT DETAILS: Landscape Board Water Affecting Activities	<input type="checkbox"/> Yes - I have contacted my applicable Landscape Board <input type="checkbox"/> Written confirmation of any Landscape Board requirements or approvals are included as part of the application <input type="checkbox"/> NA - There are no surface water works proposed
3- Is the lease located in the FNPWA – refer to weblink?	<input type="checkbox"/> No - continue to question 5 <input type="checkbox"/> Yes - continue to question 4
4- Contact DEW Water Licensing If using groundwater in the FNPWA, you will need to contact Water licensing regarding water allocation for stock use. CONTACT DETAILS: https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms	<input type="checkbox"/> Yes - I will be using groundwater and I have contacted Water Licensing <input type="checkbox"/> Supply written confirmation of any DEW Water licensing requirements or approvals are included as part of the application <input type="checkbox"/> No - I will not be using groundwater

5- Justification for increase	<input type="checkbox"/>	
6- Stocking history <i>Provide current stock on hand, and previous 5 years stocking levels</i>	YEAR	CLOSING FIGURE
7- Land Condition <i>Summary of land condition, recent flooding events/past flooding history & patterns</i>		
8- Boundary Fencing <i>Are your boundary fences stock proof</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No – if No outline how you will keep the stock within your pastoral lease	
9- Temporary Land Management Strategies <i>Example: how seasonal conditions will be monitored and how this will inform destocking regimes</i>		

10- Temporary Stock Management Strategies <i>Example: how are additional stock to be managed during and at the end of the temporary period</i>	
11- Have you been, or are you currently, subject to any compliance action under any legislation in relation to the management of the lease? *	<input type="checkbox"/> No <input type="checkbox"/> Yes (provide details):
