Dear Mr Brown

RE: FREEDOM OF INFORMATION APPLICATIONS

I refer to your application pursuant to the *Freedom of Information Act 1991* (the FOI Act) received by the Department for Environment and Water (DEW) on 01 May 2022, that was amended and agreed to on 25 May 2022 to request:

"All electronically searchable documents (including but not limited to reports, briefings, emails, notes, minutes, plans and other documents) mentioning or related to:

- The firm of Pyne and Partners, Hon. Christopher Pyne between 18 May 2019 and 22 March 2022, or*
- Mr. Adam Howard 17 March 2018 until 22 March 2022.*

Excluding: media releases, circulars or emails to all staff or all MPs"

This application is registered with DEW as DEW22-014.

On 1 May 2022 DEW received a further application (DEW16-022) under the Act seeking access to the following:

"All electronically searchable documents (including but not limited to reports, briefings, emails, notes, minutes, plans and other documents) mentioning or related to the company known as "MacLachlan Proprietors"."

These 2 applications have been combined as the one document for release for application DEW22-016 was also captured in the scope of application DEW22-014, being Document 1.

The agency has a statutory timeframe of 30 calendar days from the date of receipt of an application in which to process the request and provide a response (determination). Due to the scope negotiations application DEW22-014 was due on 24 June 2022 and application DEW22-016 was due on 1 June 2022.

As the agency did not determine the application within 30 days of the agreement of the scope, by the operation of section 19(2)(b) of the FOI Act, the agency is taken to have determined the application by refusing access. Section 19(2a) of the FOI Act provides that an agency may give access to a document on an application after the period within which it was required to deal with the application (and any such determination is to be taken to have been made under this Act).

DETERMINATION

Searches of the department's records have found 6 documents held by this agency within scope of your requests.

As an Accredited FOI Officer, I have determined to grant you full access to 3 documents and partial access to 3 documents.

Section 20 of the Act provides that an agency may refuse access to a document if it is an exempt document under the Act. The documents, or parts of the document to which I am refusing access and the reasons for the refusal are summarised in the attached document schedule, as attachment 1, while the documents form attachment 2.

The determination is provided to you electronically.

In accordance with [PC045 – Disclosure logs for Non-personal information](#) once a determination has been provided, the agency is required to make available on our website information and documents that have been disclosed. Information will be published online at <http://www.environment.sa.gov.au/about-us/freedom-of-information/foi-disclosure-log>.

FEES AND CHARGES

There will be no charge to process this application.

YOUR APPEAL RIGHTS

If you are dissatisfied with this determination, you are entitled to exercise your rights to internal review and appeal as outlined in the attached documentation, by completing the '[FOI Application Form – For Internal Review of a Determination](#)'.

If you decide to apply to exercise your rights to review, the completed form must be returned within 30 days to:

Chief Executive (FOI Principal Officer)
Department for Environment and Water
GPO Box 1047
ADELAIDE SA 5001
Email: dew.foi@sa.gov.au

Should an FOI applicant believe an agency has failed to identify all of the documents within the scope of their FOI application, they can make a complaint to the Ombudsman under the Ombudsman Act 1972. Attachment 3 of this determination outlines this process.

You can also visit: www.ombudsman.sa.gov.au for more information.

If you have any queries in relation to the above please contact the Freedom of Information team on telephone (08) 8463 6625 or email DEW.FOI@sa.gov.au.

Yours sincerely

Ken,

A quick note, conscious both you and the CE are on leave, to add this issue to the list of matters we might usefully discuss on your return from leave.

I am keen to ensure we are on the same page as to the circumstances in which it is appropriate for a Departmental officer to attend a meeting convened by a member of your team with a stakeholder.

Having reflected carefully, and noting that on this occasion the meeting appears to be a preliminary discussion about a general matter of interest to the stakeholder, I would suggest Lucy handle the discussion in the ordinary manner (listening brief, careful notes, follow up with request for departmental advice if Minister deems that necessary). In this way we minimise the diversion of Dept resources that would otherwise be focussed on delivery of the Minister's established priorities.

Happy of course to discuss on your return, to ensure we have a consistent and agreed approach going forward.

Regards,

Kerrie Burmeister

Hi Kerrie and Jo

I've spoken with Lucy Huxter and she doesn't yet have any real intel regarding the meeting so she is following that up. From what we can gather, the meeting with Pyne and Partners (ex-Federal Minister Christopher Pyne and link to website here - <https://www.pyneandpartners.com.au>) is to informally discuss options their client, Martin Brands House (<https://www.martins.com.au/>) might have in possibly promoting or developing a brand for tourism in national parks.

Lucy will be attending the meeting on behalf of the Minister and is asking Jo to attend as Director, Tourism and Economic Development. Lucy is looking for a meeting date during the week commencing 18 January. Kerrie, will OCE be sending an attendee? And, should someone from Comms attend?

Thank you, April

Great, thanks. It will be myself and Jo Podoliak from the Department. Minister Speirs is incredibly busy at the moment so has asked that I meet with you on his behalf. So that we can make sure we're on the right page, could you please send me through some points around what specifically you'd like to discuss?

Many thanks

So sorry for my lack of communication. I've been trying to line something up with a departmental representative. Could we possibly try and line something up for the week of the 8th? Parliament resumes next week so it can get a bit tricky to find time.

Thanks very much

Good morning Alisha

Thank you for getting in contact with the Minister.

I'd like to organise a time to meet with you at a mutually convenient time. Are you having time off over the Christmas/New Year period? I'll confirm with Jo Podoliak, Director of Tourism and Economic Development with the

Department of Environment Water, as to her availability. Hopefully we should be able to line something up in the next few weeks.

Many thanks, and merry Christmas.

Hi Lucy,

I understand you are still working to secure an opportunity to meet with Pyne&Partners (and their client, Martins Brand House).

As you have noted, Jo Podoliak's expertise may be relevant to the anticipated discussion.

I have discussed with Jo, who is of course conscious of the need to avoid making any commitments in relation to business opportunities that Martins Brand House may wish to discuss. Likewise, we discussed the importance of providing clear advice as to the pathways that exist for businesses offering services relevant to the agency's activities (either via our USP process, or by participating in a public tender or similar).

Happy to discuss.

Ken,

A quick note, conscious both you and the CE are on leave, to add this issue to the list of matters we might usefully discuss on your return from leave.

I am keen to ensure we are on the same page as to the circumstances in which it is appropriate for a Departmental officer to attend a meeting convened by a member of your team with a stakeholder.

Having reflected carefully, and noting that on this occasion the meeting appears to be a preliminary discussion about a general matter of interest to the stakeholder, I would suggest Lucy handle the discussion in the ordinary manner (listening brief, careful notes, follow up with request for departmental advice if Minister deems that necessary). In this way we minimise the diversion of Dept resources that would otherwise be focussed on delivery of the Minister's established priorities.

Happy of course to discuss on your return, to ensure we have a consistent and agreed approach going forward.

Hi Kerrie and Jo

I've spoken with Lucy Huxter and she doesn't yet have any real intel regarding the meeting so she is following that up. From what we can gather, the meeting with Pyne and Partners (ex-Federal Minister Christopher Pyne and link to website here - <https://www.pyneandpartners.com.au>) is to informally discuss options their client, Martin Brands House (<https://www.martins.com.au/>) might have in possibly promoting or developing a brand for tourism in national parks.

Lucy will be attending the meeting on behalf of the Minister and is asking Jo to attend as Director, Tourism and Economic Development. Lucy is looking for a meeting date during the week commencing 18 January. Kerrie, will OCE be sending an attendee? And, should someone from Comms attend?

Thank you, April

Dear John

The AIIA invites you to a special breakfast event to discuss *The Trust Imperative*.

Salesforce and BCG have collaborated for a second year running to examine the relationship between government service delivery and trust in government. Their new research, "*The Trust Imperative - This time it's personal*," unpacks the parameters of the permission to personalise at a time when citizens are providing more data than ever before. The AIIA is hosting this special event for you to learn more about this important work.

Background:

Almost 3000 Australians and New Zealanders were surveyed on the issues of personalisation, proactive government and tailored services. Across A/NZ, 76 per cent of customers said that they **expect government services to be tailored** to their individual circumstances and 87 per cent expect some level of proactivity from agencies.

Invitation:

The AIIA would be delighted if you would join us in this discussion with BCG and Salesforce to share your views on unpacking what this personalisation looks like in the government context of tighter fiscal environments, the centralisation of service delivery and the trend towards single government interfaces with customers.

We will also look at navigating the tensions between agencies' roles as data custodians and the growing need and demand for both data sharing and transparency.
