

# Accredited Third Party Providers in SA

Updated 21 Feb 2024

The following pages show organisations that are Third Party Providers, accredited in South Australia by the Native Vegetation Council under Section 25C of the *Native Vegetation Act 1991*. Third Party Providers may be non-government organisations, environmental businesses, local councils, landscape boards or similar. They have:

- skills and experience in managing South Australian native vegetation for biodiversity conservation
- the capacity to enter into and administer relevant contracts and long-term agreements.

Third Party Providers can establish, assign and (where applicable) broker SEB credit under the *Native Vegetation Act 1991* and the *Native Vegetation (Credit for Environmental Benefit) Regulations 2015* in South Australia.

Providers may be approved for specific regions of operation only. 'Region' refers to Landscape Board regions as follows:

- AW – Alinytjara Wilurara
- EP – Eyre Peninsula
- GA – Green Adelaide
- HF – Hills and Fleurieu
- KI – Kangaroo Island
- LC – Limestone Coast (South East)
- MR – Murraylands and Riverland
- NY – Northern and Yorke
- SAAL – South Australian Arid Lands

Region boundaries may be viewed at <https://statewide.landscape.sa.gov.au/> or with 'zoom in' ability on the [Location SA](#) website (click on Datasets>Land Management>Boundaries>Landscape Management Regions).
