Contour interval 10 metres

Some of the roads and tracks shown in this map are private and not available for public use

Map Scale

A 1 kilometre grid is displayed on this map
Each grid square represents 1 kilometre

The top of each map is Grid North

The Magnetic declination/variation for the centre of Adelaide is 8°6' east of True North. Magnetic Value is correct for 2014. Annual change is .012° (43") Easterly. Grid Convergence, the angle between True North and Grid North is -1° 22'.

For magnetic field information please refer to the Geoscience Australia web site:

www.ga.gov.au/oracle/geomag/agrfform.jsp

Map reference

The preferred method of giving a reference is by region, map number, followed by relevant six figure coordinate i.e. Mt Lofty Ranges, Map 123C, 390130

Alternatively the following method should be used:

The distance and direction from an identifiable feature i.e. Mt Lofty Ranges, Map 123C, 390130, 300m north of Maurice Road, Mobilong Prison.

When giving a map reference be sure to preface your remarks by the words "Mount Lofty Ranges 3rd edition map book reference".
