**CHAIR**  
**SOUTH AUSTRALIAN HERITAGE COUNCIL**

## Plans and Objectives

---

The Council's Strategic Plan 2012-15, as approved by the Minister for Sustainability, Environment and Conservation (the Minister), sets out Council's strategic directions for its three year term. Key Directions in the Strategic Plan are intended to support the fulfilment and enhancement of the Council's functions under the *Heritage Places Act 1993* (the Act).

Recognising the strategic context within which it operates, the South Australian Heritage Council (the Council) is committed to promoting actions and activities that contribute to achievement of the following objectives and targets in South Australia's Strategic Plan.

Objectives and Targets	Council Contribution
Target 32 Performance in the public sector – customer and client satisfaction with government services: increase satisfaction with government services by 10% by 2014	Transparent and rigorous consideration of nominations for the State Register; and maintenance of the SA Heritage Register.
Target 33 Government planning decisions: South Australia Leads the nation in timely decisions of development applications through to 2020	Provision of strategic advice, policy development and administration of heritage matters under the Act and the <i>Development Act 1993</i> .
Target 4 Tourism industry: increase visitor expenditure in South Australia	Promotion of linkages between heritage and tourism to attract more tourists.
Target 99: Cultural engagement – institutions: increase attendances at cultural institutions by 20% by 2014. and increase to 2.0% by 2020	Promotion, education, interpretation, partnerships with SA Tourism Commission and History SA, Local Government and similar organisations.
Target 24: Volunteering: maintain a high level of formal and informal volunteering in South Australia at 70% participation rate or higher	Acknowledgement and promotion of the role of volunteers in conserving and appreciating our heritage.

### Heritage Directions

First prepared in 2003, *Heritage Directions* was updated in 2012 to strengthen its alignment with South Australia's Strategic Plan and to incorporate key policy directions associated with the 30-Year Plan for Greater Adelaide.

*Heritage Directions 2012* explores a number of themes - reflecting an evolution in

community thinking about heritage issues. It sets priorities for conserving and celebrating our past and achieving the Government's vision for creating vibrant cities, healthy neighbourhoods and safe communities.

*Heritage Directions 2012* includes six (6) broad directions.

- A legislative and policy framework to support better management of heritage.
- Fostering partnerships with others.
- Government leadership for heritage.
- Education and training of the community and industry in heritage.
- Appreciation, celebration and promotion of this State's unique cultural heritage.
- Sustainability and adaptive reuse of our heritage places to ensure they remain in use for future generations.

*Heritage Directions 2012* describes a future where heritage values are widely understood in the community and where heritage places are recognised for their contribution to the lifestyle, economy and identity of our State. It outlines where we need to be in five (5) to ten (10) years.

### **Targeted Legislative and Administrative Review**

In March 2014, the Council provided comment on *South Australia - State Heritage Places: Targeted Legislative and Administrative Review* Report by Godden Mackay Logan Pty Ltd (June 2013).

It is Council's view that the fundamental arrangements for State heritage recognition and protection under the *Heritage Places Act 1993* are clear and functional providing:

- two simple paths by which the assessment, interim protection, decision-making and listing process can occur;
- appropriately timed and genuinely effective opportunities for information and engagement with owners and other parties;
- practical and effective integration of heritage status with the development control framework; and
- overall, a responsible balance of public and private interests, managed through a transparent process.

Council believes the arrangements of Sections 17, 18 and 30 of the Act are appropriate and it is more important to focus on improvements around:

- managing heritage-related Development Applications and the referral process;
- securing wide community-based financial support for heritage owners through a framework of grants and tax relief; and
- providing a strong information and engagement program that emphasises the

positives of heritage listing and builds owner pride.

## **Operations and Initiatives**

---

### **South Australian Heritage Register – State Heritage Places**

A place may be entered in the South Australian Heritage Register (the Register) as a State Heritage Place if it meets one or more of the criteria specified in section 16 of the Act. The Register contains a description or notes with respect to places of heritage value to the State.

In 2013-14, **9** State Heritage Places were provisionally entered in the Register. In addition **23** provisionally entered State Heritage Places were confirmed by the Council, **2** were removed under section 18(7) of the Act and **1** was removed under section 20(3) of the Act pursuant to ERD Court Orders 225 and 229 of 2013 (refer to Appendix A for details).

There were **2,274** confirmed entries in the Register at 30 June 2014 (refer to Appendix B for summary tables of State Heritage Places by Local Government Areas).

### **South Australian Heritage Register – State Heritage Areas**

Under the Act, the Council may recommend the creation of State Heritage Areas through the process of preparing Development Plan Amendments under the provisions of the *Development Act 1993*. No new areas were recommended for the 2013-14 reporting period (Appendix B contains a list of State Heritage Areas).

### **South Australian Heritage Fund**

The South Australian Heritage Fund is established under section 10 of the Act, and money from the fund is applied to further the objects of the Act as specified in section 12.

As specified in section 10 of the Act, the Fund consists of any monies:

- appropriated by Parliament for the purposes of the Fund;
- provided by the Government of the Commonwealth;
- received by the Council by way of fees, gift, bequest or in any other way;
- received by the Minister for the purposes of the Act by way of gift, bequest or in any other way;
- any income derived from investment of the Fund; and
- any other money that is required or authorised by or under this Act to be paid into the Fund.

The Fund meets the accounting criteria of a controlled entity and is accounted for in the Department of Environment, Water and Natural Resources Financial Statements and Annual Report.

Wattle Grove WWI War Memorial (Dardanelles Campaign, also called Gallipoli Campaign). Confirmed as a State Heritage Place on 23 August 2013.

During 2013-14 \$150,000 was allocated from the Fund to implement the Heritage Grants Programme. Through the Heritage Grants Programme, owners of State Heritage Places and property owners within State Heritage Areas can apply for small grants to assist with the management and care of their properties. Following assessment of grant applications, funds were allocated to 17 projects. During the course of the grant period one grantee withdrew and the shortfall was redistributed to other grantees. All remaining 16 grants were acquitted within the financial year (refer to Appendix C for details).

### **Heritage Agreements**

Part 6 of the Act provides for Heritage Agreements to promote the conservation of State Heritage Places. A Heritage Agreement attaches to the land and is binding on the current owner of the land whether or not that owner was the person with whom the agreement was made. A Heritage Agreement is, to the extent specified in the agreement, binding on the occupier of the land.

The Minister may, after seeking and considering the advice of the Council, enter into a Heritage Agreement or, by agreement with the owner of the land to which a Heritage Agreement applies, vary or terminate an agreement.

During the 2013-14 year the Council provided advice to the Minister on the following Heritage Agreement:

- Dwelling ('Mount Breckan'), Victor Harbor

As at 30 June 2014, Heritage Agreements were in place relating to the following State Heritage Places:

- Dwelling ('Marble Hill') - Former Governors' Summer Residence (Ruin);
- Belmont, Brougham Place, North Adelaide;
- St Vigeans Estate Garden, Laurel Road, Stirling;
- Former Bank SA, Gawler Street, Mount Barker;
