## 6. FOR DISCUSSION / DECISION

### 6.1 Conservation Management Plan ‘Australian Cornish Mining Sites, Burra’

It was noted that Mr Schrapel departed the meeting at this point due to his declared conflict of interest. Ms Walters and Mrs Lindsay returned to the meeting.

Mr Hanna noted that the South Australian Heritage Council has received a letter from Mr David Stevenson, Chief Executive of Goyder Council, seeking endorsement of the Conservation Management Plan “Australian Cornish Mining Sites (ACMS): Burra”.

Council noted that endorsement of the CMP for ACMS (Burra), a National Heritage Place, by the SA Heritage Council will have no impact on assessment of Development Applications considered by Heritage SA as it would remain a document for regard only.

It was noted that the CMP has been endorsed by the Goyder Council and the National Heritage Council. The Minister for Climate, Environment and Water, the Hon Dr Susan Close MP, has also endorsed State Government support to progress a World Heritage bid.

## RESOLUTIONS:

The South Australian Heritage Council:

- **Endorsed** the Conservation Management Plan “Australian Cornish Mining Sites: Burra”
- **Approved** the draft response to the Goyder Council.

## 7 ITEM TO BE CONSIDERED FOR PROVISIONAL ENTRY ON THE SA HERITAGE REGISTER

### 7.1 Tantanoola Caves Complex, Boandik Country, Tantanoola Caves Conservation Park, 32047 Princes Highway, Tantanoola

It was noted that Mr Stephen Schrapel returned to the meeting at this point.

Ms Megan Thomas, Heritage SA was welcomed to the meeting. On 4 November 2021, the South Australian Heritage Council considered the findings of the Fossil Heritage Survey and added Tantanoola Caves Complex to the Assessment Priority List.

The Boandik (Bunganditj language) People are the traditional owners of the land where

Tantanoola Caves Complex is located and are represented by the Burrandies Aboriginal Corporation (the Corporation).

The Heritage Assessment Report recommends that the place meets s16 criterion (c) of the *Heritage Places Act 1993* and is eligible for entry as a State Heritage Place in the South Australian Heritage Register.

It is also recommended that the Tantanoola Caves Complex is considered for intention to designate as a place of geological and speleological significance pursuant to section 14(7)(a) of the Act.

Tantanoola Caves Complex, contains the only pink dolomite cave in South Australia and is a highly significant site due to its potential to yield information about the geological and speleological development of South Australia.

Council members were unanimous in their approval to provisionally enter the Tantanoola Caves Complex as a State Heritage Place and also unanimously approved the Summary of State Heritage Place.

Council agreed that it intends to designate the Tantanoola Caves Complex as a place of geological and speleological significance.

Action – Mr Hanna to provide the Fossil Heritage Survey Report by Megan Thomas to Mr David Brooks and Ms Sandy Verschoor.

## RESOLUTIONS:

The South Australian Heritage Council:

- **Provisionally entered** Tantanoola Caves Complex, Boandik Country, Tantanoola Caves Conservation Park, 32047 Princes Highway, Tantanoola CR/5772/853, H420600 S213, Hundred of Hindmarsh), in the South Australian Heritage Register as a State Heritage Place, as it fulfils criterion (c) for State heritage listing under section 16 (1) of the *Heritage Places Act, 1993*:  
  
(c) it may yield information that will contribute to an understanding of the State's history, including its natural history
- **Agree** that there is an intent to designate the Tantanoola Caves Complex as a place of geological and speleological significance, pursuant to section 14(7)(a) of the Heritage Places Act 1993 after a three-month consultation process.
- **Approved** the Summary of State Heritage Place for Tantanoola Caves Complex, Boandik Country, Tantanoola Caves Conservation Park, 32047 Princes Highway, Tantanoola CR/5772/853, H420600 S213, Hundred of Hindmarsh).

- **Noted** the Boandik People do not need to apply for a permit under s25 of the Act to undertake non-commercial cultural activities within the boundaries of the Tantantoola Caves Complex SHP 26555 but that a permit may apply for commercial activities that disturbs or excavates land within those boundaries.

## **7.2 St John Vianney Catholic Church, Kaurana Country, 544 Glynburn Road, Burnside**

Mr Chris Burns, Heritage SA, was welcomed to the meeting. Mr Burns noted that an assessment of St John Vianney's Catholic Church has been prepared and recommends that the church meets criterion (e) under s16 of the *Heritage Places Act 1993* for listing as a State Heritage Place.

St John Vianney's Catholic Church and St Peter Claver's Catholic Church, Dulwich, were designed concurrently by Cecil William (Bill) Peters for the Burnside Parish during the early 1960s, with St John Vianney's Catholic Church built first and opened in 1962. St Peter Claver's Church opened in 1964.

St Peter Claver's Catholic Church, while well-resolved post-war church, has not been critically recognised to the extent that St John Vianney's Catholic Church has. Thus, it is recommended that St Peter Claver's Catholic Church should not be added to the Council's 20<sup>th</sup> Century Assessment List for future assessment.

St John Vianney's Catholic Church is highly intact. While the original freestanding stainless steel spire was toppled during a storm in 2013, the loss of the spire is not considered to adversely affect the heritage values of the place. Minor changes, such as relocation of the font, removal of altar rails and the addition of a carport at the front of the church, are either reversible or are considered to have had little impact on the architectural integrity of the place.

The place is not considered to meet criterion c) as any potential archaeological remains associated with the church and former buildings are unlikely to contribute meaningfully to our understanding of the State's history.

Ms McDougall noted she was very pleased that a systematic proactive process is occurring in relation to consideration of post-war churches.

Ms Verschoor gave similar sentiments with regard the work of Ms Megan Thomas in relation to South Australian fossil sites.

Council discussed and members unanimously agreed to provisionally enter this place as a State Heritage Place. Council also approved the Summary of State Heritage Place.

## **RESOLUTIONS:**

The South Australian Heritage Council:

- **Provisionally entered** The St John Vianney's Catholic Church, 544 Glynburn Road, Burnside (CT 6276/148 D130353 A5441 Hundred of Burnside) in the South Australian Heritage Register as a State Heritage Place, as it is deemed to fulfil criterion (e) for State heritage listing under section 16(1) of the *Heritage Places Act 1993*:  
  
(e) it demonstrates a high degree of creative, aesthetic or technical accomplishment or is an outstanding representative of particular construction techniques or design characteristics
- **Approved** the Summary of State Heritage Place for the St John Vianney's Catholic Church, 544 Glynburn Road, Burnside.

## 9 BETTER HERITAGE INFORMATION

### 9.1 Process for Better Heritage Information

Dr Louise Bird noted that this paper proposes an approach for Council to adopt in regards to reviewing and adopting additional supporting heritage information for State Heritage Places entered in the South Australian Heritage Register under historic legislation.

The purpose of the Better Heritage Information project is to prepare authorised Statements of Significance as supporting documentation for the approximate 1500 State Heritage Places that do not have such Statements and / or documentation. The aim of the documentation is to enable the public and owners to understand why places are State Heritage listed, and to facilitate decision making by the Conservation Architects, under delegation from the Minister, for Development Applications.

On 17 February 2022 the Council agreed that it would include 'Statements of Heritage Significance in the Register but not as a part of the entry for the place', that is 'hold other information in association with the Register, as the Council thinks fit'. The Council also determined that interested persons would be notified.

At approximately 5000 words each, Better Heritage Information Summary of State Heritage Place reports are approximately half the size of a full Assessment Report and reviewing each document will increase the Council's workload.

To accommodate the additional workload, it is anticipated that additional meetings of the Council will be required. Currently the Council meets 7-8 times each year. It is proposed

that from 2024, the Council will meet 10 times per year. The additional meetings will also enable an increased number of Assessment Reports to be considered.

Dr Bird noted that a guideline or procedure around the approach to finalising additional information for each place, including correspondence with interested parties, will be provided for Council's consideration at its 6 July meeting.

Action: A template letter and a draft procedure to be provided to 6 July meeting of Council.

Ms Ferguson discussed with Council members the webpage of the South Australian Heritage Council. It was noted it is currently housed within the Department for Environment and Water website. Council discussed the fact that sometimes it might want to promote a position that is not necessarily that of the Departments and this is difficult when the Department owns and operates the webpage. Council agreed that this matter would be further explored at a later meeting.

Action: Place "Council's webpage" on the October 2023 meeting agenda.

## **RESOLUTION:**

The South Australian Heritage Council:

- **Approved** the Process for Better Heritage Information

### **9.2 Minlaton Showground, West Terrace, Minlaton & Former Kapunda Showground Pavilion & Wall.**

Ms Jade Kanas, Heritage SA was welcomed to the meeting. Ms Kanas prepared the reports for these two places.

Dr Bird noted that at this meeting, the Council will consider additional information to be included in the "Commentary on the Listing" for these two places. The information will not form part of the formal Register entry.

This action is proposed under Section 14 of the *Heritage Places Act 1993* —Content of Register – "The Council may include other information in the Register, or hold other information in association with the Register, as the Council thinks fit."

Council considered and discussed both reports and approved them both.

## **RESOLUTIONS:**

The South Australian Heritage Council:

- **Approved** BHI SSHP Minlaton Showground Pavilion, West Terrace Minlaton (CT 5727/38 H131000 S279, Hundred of Minlacowie), including correction of Register Name to Minlaton Showground Complex (including Pavilion and Grandstand, Walls and Pedestrian Gate, Ticket Office and Outbuildings).
