

# Climate Ready Schools

 GreenAdelaideSA  
 GreenAdelaide  
 GreenAdelaideSA

Part of the **Sustainable Schools** initiative, this program helps students investigate climate change adaptation and explore mitigation strategies in their school or local community.

Free self-guided program with teacher resources and support

**GREEN  
ADELAIDE**

# Climate Ready Schools

## Why join?

- Students investigate real climate issues in their community
- Teachers get support and resources linked to curriculum
- Schools lead local solutions with lasting impact

## Program Snapshot:

- 6 online modules for students
- Year 5+ (customisable for younger)
- Online, self-guided, flexible pace
- Design Thinking tools provided

## Schools Receive:

- Online program access (climate projections, biodiversity, mapping)
- Links to experts & organisations
- Tailored teacher support
- Resources for student-led solutions provided
