

Eyre Peninsula

Lamb Survival Workshops

Understand and minimise the causes of lamb losses

➤ **Cleve – Tuesday 28 June**
Sims Farm, Birdseye Highway

➤ **Yallunda Flat – Wednesday 29 June**
Yallunda Flat Showground

Workshops start at 1:00pm – 4:00pm

Please bring...

- **Freshly dead lambs (that have died in the last 24 hours)**
- If you have any very premature or suspect abortions please bring in the afterbirth as well
- **BYO a sharp knife for the autopsy session**

Please wear gloves when handling dead lambs and wash hands thoroughly after removing gloves.

You are invited to a half-day workshop covering;

- **Strategies for improving lamb survival** Minimising lamb losses through ewe nutrition & husbandry (*Dr Colin Trengove, School of Animal and Veterinary Sciences*)
- **Lamb autopsy** – Identify causes of lamb loss for your lambs by bringing some fresh dead lambs along (*Jess Crettenden, Minnipa Agricultural Centre*).

Afternoon tea provided
