Instructions for completion

This template is to be completed annually with details of any proposed clearance of roadside vegetation greater than 5 years old.

Template is to be accompanied by a road network map detailing the location of each reference number.

Use the Comments field to note the reason for any proposed clearance of greater than 2m from edge of carriagewayany clearance.

Column I requires a yes/no answer regarding whether the proposed clearance envelope is >2m either side of the carriageway in order to prioritise NR EP assessment

Submit the completed template and map to Natural Resource EP (@sa.gov.au) by prior to March 15th.
