4 PROJECT DETAILS

Briefly describe the proposed use of the funding

Which of the following outcomes will your project address?

- ☐ Increase knowledge of climate change trends and predictions, and to build capacity to make agricultural, fishery and forestry businesses climate change-ready.
- ☐ Increase knowledge, improve awareness and encourage the uptake of decision making tools for agricultural businesses in the Limestone Coast to adapt to market change and consumer demand as a result of climate change.
- ☐ Increase awareness of networks and services available, to create resilience in production systems if extreme climatic events occur
- ☐ Increase understanding of what new products can be grown in the region to meet emerging markets as a result of changing consumer demands and climate change impacts.
- ☐ Increase awareness and adoption of land management practices that improve and protect the condition of soil, biodiversity and vegetation
