Gallery: 25 people present.

- An assessment of the possible sanctuary zones as an outcome of KI MPLAG meeting # 4 was presented for the Encounter (MP # 15) section
- Members held a lengthy discussion and debate regarding the final advice on the MPLAG sanctuary zones.
- The outcome was that while some sanctuary zones received unanimous support, others had multiple options still to be considered.
- A strong view of the MPLAG was that any commercial fisher that was displaced must be adequately compensated.
