

My visit to Adventure Playground at Belair National Park.

We will drive our car to the playground.

This is where we will park our car.

I can play carefully in and around the tunnels.

I can go on the swing.

I can walk on the wooden logs but I must be careful.

I can see a fort.

It is made out of wood.

I can play inside the fort.

When I need to have a break from playing, I can rest at these tables and chairs.

There are native animals at Belair National Park.

I might see a bird, a kangaroo or an emu.

I had fun visiting the playground.
