

My visit to Belair National Park.

We will drive our car to Belair National Park.

This is the entrance to the park. We will buy our ticket here.

Then we will drive through and park in the car park.

I can look at a map of the park I can ask the adult that I am with to read it with me.

I might see native animals at the park.

I can watch them but will not go near them.

There is an adventure playground there.

I can have fun on the playground.

There may be other children playing there too.

This is Playford Lake.

It is a big place.

I might see ducks and turtles there.

There is no swimming allowed at this lake.

There are friendly park rangers that work at Belair National Park.

They help look after the park and the animals.

If I have a question about the national park, I can ask them.

If I need to go to the toilet I will ask the adult that I am with.

These are some of the toilets that I can use.

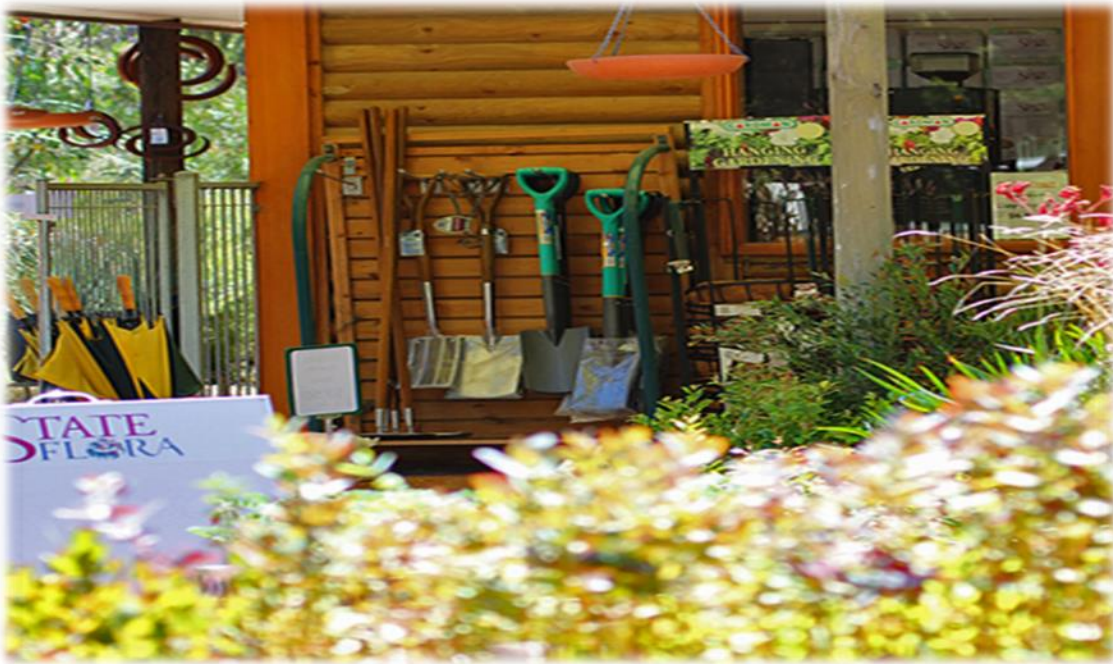

There are walking trails at the national park.

There is walk that goes past a waterfall.

Here is the plant nursery.

They sell plants.

There is a playground at the nursery.

When we are ready to go home we will go back to the car park.
