

My visit to Cobbler Creek Recreation Park Playground.

We will drive to the playground in our car.

We will park our car in the car park.

These are the toilets that I can use.

If I need to go to the toilet I will ask my adult.

There will be other people at the playground.

Sometimes it might be busy.

I may need to wait my turn to use some of the equipment.

If I need to find a quiet space I will let an adult know.

The playground has lookouts.

I can climb up the ladder to get into it.

The lookout looks like a birds nest in a tree!

There is a big sand pit that I can play in.

I might get sand in my shoes or socks.

I can play on the swings.

There is a flying fox.

I may need to line up to use the flying fox and wait my turn.

I will hold on tight until I get to the other side.

I will need to bring the flying fox back so that the next child can use it.

There is a BBQ area with table and chairs.

I can rest on the seats.

I had a fun day at the playground.
