

Dhilba Guuranda-Innes National Park

Camping Activity Sheet

Write down something you want to see and do in the Park

Animals and plants need their homely comforts.
The 'home' of a plant or animal is called its habitat.

Find an animal or plant to observe. Draw it below and describe its habitat:

Food – what does it eat?

Shelter – how does it protect itself?

Home space – what is its environment like?

How much space does it need?

Draw an animal

Water – where does it get water from?

Describe your own campsite habitat

(shelter, water, food and environment):

www.parks.sa.gov.au

 www.facebook.com/NPWSSA

What is your favourite rock pool animal?

Describe what might happen to a rockpool habitat if you remove plants or animals from it

Beach explorer – nature hunt

The habitat of a sea anemone	Something that doesn't belong	Bird prints in the sand	An animal or plant stuck to something
Guuya (fish in Narungga language)	 The habitat of a seagull	 The shell of a bivalve mollusc (shell with two halves)	 A bird looking for food
A marine park	Seagrass or seaweed (they are different!)	 A lighthouse	Limpets
Garrdi (emu in Narungga language)	Something that is yellow	The Southern Cross at night	Something squishy
Three bits of rubbish or plastic from the beach to take home	A slow moving animal	A family of animals	A curly leaf
Something smelly	 Western grey kangaroo	 Sooty oyster catcher	Shingleback (sleepy lizard)
Sea urchin	Yambu (dolphin in Narungga language)	View of an island	Add your own

Please leave plants and animals where you find them. Did you know that collecting animals and plants from rocky shores is not allowed in South Australia
www.Pir.sa.gov.au

The National Parks and Wildlife Service acknowledges the Narungga people, the traditional owners of Dhillba Guuranda-Innes National Park.

Dhillba is the name of the Southern clan group of Narungga people and Guuranda means southern land, or southern territory.
