

My visit to the Morialta Conservation Park nature play space.

We can drive our car to the park.

We can park our car here in the car park.

These are the toilets.

If I need to go to the toilet I will ask an adult to go with me.

There are benches in the park.

I can sit here to have a rest, to eat or have a drink.

There may be other people at the playground.

Sometimes the playground will be busy.

If I find it too busy, I will let an adult know that I need to find a quiet space

This is called the Great Snake.

I can climb on it.

This is the secret tunnel inside the snake.

This is called the Birds Nest.

I can climb the ladder to reach it.

There are slides at the park.

This is the big slide and I can go down this.

This is the small slide.
I can go down this too.

There is artwork in the playground.

There is a big echidna made out of wood.

I can climb on this.

There are signs in the park.

The signs are in a language that Aboriginal people speak.

The signs can teach me new words.

This sign means Full of Rocks

This sign means Frog

This sign means Kookaburra's nest

This sign means Play or celebrate

This sign means Red bellied black snake

I had fun at the playground.
