

# Pertendi Hut Interpretive Trail

Fire plays a major role in the ecology of Ngarkat Conservation Park. As you walk along this trail you will find signs discussing elements of fire ecology or biodiversity and how it shapes the landscape.

Trail name	Trail class	Distance/ Time	Trail description
<b>Pertendi Hut Interpretive Trail</b>	 <b>Grade 3 Moderate hike</b>	1.2km 40mins return	Suitable for most ages and fitness levels. There will be some short steep sections and uneven sandy surfaces. Some bushwalking experience is recommended. Trail markers guide the way.

\*Hikers can estimate the time required to walk a trail by using an average speed of 3 to 4 km per hour.

### The National Parks Code

Help protect your park by following these guidelines:

-  Leave no trace - take your rubbish with you.
-  Camping is only permitted in designated campground areas.
-  Keep to defined tracks and trails
-  Leave pets at home. 1080 poison, lethal to pets, is used in the park to control foxes and wild dogs.
-  Do not remove or disturb plants, geological features, or cultural artefacts.
-  Wood and solid fuel fires are prohibited throughout the year. Exceptions apply in the campground.

*Thank you for leaving the park in its natural state for the enjoyment of others.*

 **Do not leave the track.** The uniform vegetation and lack of readily identifiable features make it easy to become disorientated. Follow the installed trail markers.

 **Mobile phone coverage in the park is not guaranteed.**

 **Permits are required.**
